Attention: Mr Quentin Matiske / Mr Peter Vanitis

Dear Sirs

**RE-ISSUE OF CERTIFICATE OF QUALIFICATION for AGS3700-3799 – Insert –
Screw Thread, Unified, Screw Locking Helical Coil, HR Alloy BS HR503**

Please find enclosed revised certificate (TSSC.1, Issue 6) covering the recently submitted MCR (SBAC/TS201/325) covering the addition of a new accredited silver plating supplier (sub contract) to Alcoa Fastening Melbourne, Tasman Aviation Enterprises (QLD) Pty Ltd, and to remove Sec Plating. The MCR also covered the name change to 'Alcoa Fastening Systems – Melbourne'.

Charges for the revised certificate are in accordance with para. 3.3 of Technical Specification TS202, and the invoice for £25.00 (not including VAT) will follow shortly.

Yours sincerely

M.J.Graham
Manager, Environment, Safety and Regulation

Dear Sirs

Ref MCR Concerning Tasman Aviation Silver platers

Alcoa Fastening systems formerly Fairchild Fasteners (Recoil Division) generated the MCR requesting that an additional supplier named Tasman Aviation Enterprises be added to their manufacturing route for silver plating of AGS 3700 series inserts. The MCR was raised in the name of Fairchild Fasteners for SBAC recognition purposes .

Fairchild Fasteners Melbourne facility have changed their operating name to Alcoa Fastening Systems. A change of operating name does not fall within the scope of TS201 but we would respectfully suggest that SBAC record the name change as an addendum to this MCR. There are no route changes implied in this name change and qualified parts such as AGS3600 and AGS3731 outlined in TS200 are still relevant.

Yours faithfully

Quentin Matiske
Quality Manager
